

Student Experience, Improved

Now that the **Strategic Plan 2015-2020: An Engaged, Integrated, Global Student Experience** has been in place for a couple of years, what do we have to show for it? Well, you be the judge!

Engaged

50 community-based learning courses offered each year, plus a new **Center for Community-based Learning***

In 2016-17, **169** student participants on

18 **domestic & international service trips** across **6** states and **7** countries

Roadmap for Success tool assists students in developing a personalized plan and timeline for *experiential learning*

The **Royal Experience Internship Program** has supported nearly

30 students participating in *summer internships*

In Solidarity with Syria program provides education, advocacy and service to those affected by the *immigration crisis**

Integrated

More than **100** students participate in the **Undergraduate Research Forum and Fair**, which brings together faculty and staff with students who participate in *faculty-mentored research*

A cohort of 15 student scholars pairs with a faculty or staff member through the new **Provost Assessment Scholars Program**, which designs and administers focus group projects

The **Student Opportunities in Academic Research (SOAR)** program cultivates and coordinates student interest in *faculty research*

More than **50%** of student research presented at the annual 2016 **Celebration of Student Scholars** event is published regionally or nationally

New Residential Learning Communities: 2: AMDG: Engaged and Global Citizenship and SITE: Scranton Innovative Thought and Entrepreneurship, plus an updated space to host faculty and events in Collegiate Hall*

Global

A **Global Insights Program** is launched, in which students learn about their peers' home countries

20%

(on average) of bachelor's degree graduates **study abroad** as undergraduates

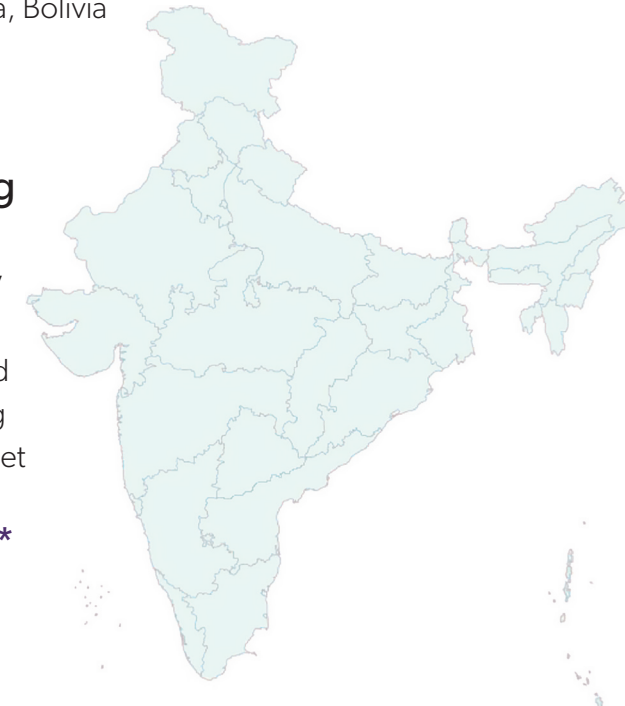

Over the last two years, **10 Faculty Fulbright Scholars** were hosted at Scranton (8 of those were teaching assistants in the *Department of World Languages and Cultures*) **7** outgoing student Fulbrights

10 students in the first cohort of a new faculty-led **study abroad and language immersion program** with the Maryknoll Mission Center in Cochabamba, Bolivia

India Marketing and Theology

Faculty-led Study Abroad Course being developed, set to launch in January 2018*

We'd love to hear about your **ENGAGED, INTEGRATED, GLOBAL** experience, or the impact of the Strategic Plan from your perspective. Submissions will be reviewed by the Planning Office, and might be selected to appear on the Strategic Plan Implementation & Progress website. Share your story via scranton.edu/strategicplan.

STRATEGIC INITIATIVES FUNDING PROJECTS

In 2016-17, the University launched a Strategic Initiatives Funding process to identify and support innovative projects that will advance the goals of the *Strategic Plan*, in particular those that will have a substantial, positive impact on the student experience.

The Strategic Initiatives Funding pool was made possible by cost savings and revenue generation realized through the Comprehensive Resource Review process, spearheaded by the Office of Finance & Administration. Funding is open to University students, faculty and staff; collaborative projects are encouraged.

Follow along as we continue to make progress at scranton.edu/strategicplan.

A new progress report will be available in December 2017.
